Dear young people, parents, carers and professionals,

Hi! Please find attached the new Champions for Change Lockdown Pack, aimed at raising awareness of the work we are doing to make sure the voices of children and young people with SEND are heard when Devon County Council are developing their support.

In the pack you will find activity ideas, contact links for groups providing support, and the opportunity for young people to make sure Devon County Council is listening to their views in all decisions that affect them.

We would love to see young people's work, to hear their thoughts and experiences of lockdown, and to build a network of feedback and collaboration with young people, so that their views can continue to be heard, permanently.

Please be aware that if you send us anything you are giving DCC consent to use it, both internally and externally on social media (with all names and identifying information removed). This is a fantastic opportunity to speak up for all young people with SEND, and anything sent to us will be incredibly valuable in informing future DCC SEND provision.

Have fun, and we look forward to hearing your views!

The Champions for Change Team
