

## Communicate

Reading The Rainbow Fish story by Marcus Pfister  
Under the sea 'Tuff Tray' activities  
Re-telling the story using props  
Exploring 'kind' words and Makaton signs  
Makaton- colours of the rainbow  
Dough disco and write dance activities- making waves  
Communication work- greetings and making requests- exploring the class GoTalk.

## Literacy

Daily Read Write Inc. Phonics groups for reading and developing our writing.

## Let's Create

### Music, Drama, D&T & Art

Art: Creating collages using shiny and glittery resources  
Creating waves by painting on foil and bubble wrap  
Exploring textures by pressing and squeezing clay  
Music: Exploring instruments and creating sounds to tell The Rainbow Fish story  
'Giving makes you special' song from the Rainbow Fish

## Work it Out Maths, Science and ICT

Maths: Number: Counting, ordering and recognising numbers according to our personal targets  
Number fishing game  
Counting songs.  
Measure: Long/ short, big/small- exploring a range of different shapes and sizes through sensory play and resources.  
Money: Games and songs on the interactive class board.  
Exploring coins and naming them.  
Science: Rainbows and Reflections: Rainbow sensory experiments and explosions using skittles and bicarbonate of soda.  
Bubble play  
Exploring mirrors and create reflections using light.  
ICT: Exploring the Chrome Books using our new sign in details.  
Songs and games on the interactive board.

## Our World

### Geography, History, RE & Outdoor Learning

Outdoor Learning: Water play- under the sea, pipes, filling and pouring  
Developing our outdoor class- home corner and construction area  
Recognising the first signs of Autumn and the weather  
Forest School: Introduction to forest school and walking to the area as a class.

# The Rainbow Fish

## Let's Move

### PE & Adventure

Parachute games  
Swimming  
Ball skills  
Sports Day  
Gross Motor- balancing, jumping & bouncing

## Me

### PSHE, Our feelings & Life Skills

#### PSHE: Patchwork ~ Me, You & Us

We will learn all about ourselves- our strengths/ weaknesses, likes/ dislikes  
Manage feelings and learn ways of coping with how we feel in different situations  
Develop relationships and friendships and work on key skills such as sharing and turn taking.
